

ELECTRIC SILENT TOILETS

(Hydrovacuum): the new line of fitted design bowls in vitreous china makes this toilet very comfortable and attractive, just like a home toilet. The base is impact resistant. It can be installed either above or below the sea level. Matromarine has realized a range of toilets where performance, reliability, noise level and design have really reached the highest standards. The running cycle is completely automatic and eliminates wastewater through a high-performance pump that allows drainage of waste up to 7 m. in height and at a distance of 70 m.

This hydrovacuum toilet can use an automatic water system or a flush pump installed onboard for water inlet. It is fitted with an electronic switch to regulate automatically water inlet and outlet at 2 different stages: first the bowl is filled up with clear water, and then waste is discharged by leaving the bowl empty and clean. The Luxury and Deluxe model toilets can be installed indifferently with a centralized system or with a single system. Deluxe can also operate as a bidet: in fact, it is possible to supply it equipped with an optional bidet fitting. The water consumption is very low (about 1 – 2,5). Flush pump or electrovalve to be ordered apart. Upon request bowls are available in the following colours: champagne - light green - black -blue. Port connections: Inlet. 19mm. 3/4", Outlet 25/38 1"1/2. Certificated for R&V Ece 10 directive
